

“Hot Lite’z”

November 2002

Using a slim, modern design criteria, this line of taillights are designed to enhance the look of your vehicle, not disappear into it.

Two speed, high out put, LED’s give these lights superior brilliance, low heat output and long life. The all aluminum construction makes the rear of the light look as good as the front.

Bed Roll “Hot Lite’z”

Bed Roll “Hot Lite’z” fit inside of the bed rail of your truck.

Designed to be non descript when unlit, so as not to distract from the look of the vehicle and yet, for maximum safety, be extremely bright when lit.

Bed roll “Hot Lite’z” provide tail, turn and brake functions and are available for all Chevys from 1930 – 87 and Fords from 1938 - 79

Retail \$ 69.95

Matching Rail plugs for the other end of your bed **\$ 29.95**

The “Classic Oval”

A timeless Classic. Smooth flowing lines enhance your vehicles good looks. Measuring 5 3/4”x 2 1/4” over all. These babies are bright enough to take your eye out when lit!

Billet aluminum rear cover makes these lights look as good from the back of the light as they do from the front.
